

Aid Plan Asks \$250 Million

Includes Help For Poor And Medical Care

Washington, Feb. 28—(AP)—The Truman administration asked Congress today for \$200,000,000 to \$250,000,000 a year to help provide home relief for all needy—including cost of medical care.

This would be added to the present \$1,000,000,000 the federal government spends on direct assistance to dependent children, the blind and the needy aged.

The reaction on Capitol Hill was non-committal, for the most part. How much, if any, of the program will be approved by congress is uncertain.

Doughton Declines Comment
Chairman Doughton (D-NC) of the House Ways and Means committee declined to take a position one way or the other, pending study.

Arthur J. Altmeyer, commissioner for social security, opened before Doughton's committee the administration's arguments backing President Truman's proposals for a vast expansion of the general social security program. He dealt with relief for the poor first.

Social security has abolished the poorhouse, Altmeyer said, and he set as the new objective: "Preventing destitution."

To this end he said Mr. Truman wants federal financial aid extended to all needy people, in a federal-state money matching system—up to \$100 a month for a needy couple plus \$20 for each additional person in a needy home.

Asks Medical Care
Moreover, Altmeyer proposed special attention to the medical needs of the poor. He testified:

"To enable states to make medical care available to needy persons, we believe that federal participation should be extended to payments made directly to individuals and agencies furnishing medical services and supplies to public assistance recipients."

Direct relief for all needy persons is one point in Mr. Truman's overall security program, which also includes:

1. Blanketing of 20,000,000 more persons—doctors, lawyers, farmers, businessmen, servants and others—under old age insurance, bringing the total number of persons covered to 50,000,000; 2. Greatly increasing benefits; and 3. Boosting security taxes on pay and payrolls.

Sent Bill To Congress
The president has sent this legislation to congress. He has promised bills later calling for a national program of health insurance—with the government paying doctors bills with funds collected from new payroll taxes—and also calling for expansion of unemployment compensation.

Altmeyer said 5,000,000 Americans now receive some kind of public assistance. Such direct relief is apart from the old age and survivors insurance benefits paid for in special payroll taxes by workers and their employers.

This direct aid amounts to almost \$2,000,000,000 a year in federal, state and local funds. The 5,000,000 include 2,500,000 needy old people, 1,700,000 persons in families receiving aid to dependent children, 86,000 blind persons, and 800,000 other needy persons. The federal government does not participate in the aid to the 800,000 unclassified other needy.

Altmeyer argued that \$200,000,000 to \$250,000,000 a year more should be contributed by the federal government to extend relief to all needy, including physically and mentally handicapped and jobless persons not covered by unemployment insurance.

Free Young Mother Who Wants Child She Abandoned

Chicago, Feb. 28—(AP)—A young mother won her freedom in felony court today when she promised to return to her husband with the baby she abandoned in a halfway Thursday night.

Mrs. Rosemary Jamieson, 21, appeared before Judge William V. Daly in felony court on a charge of abandoning her five-month-old son, Frederick.

She said she wanted to return to her home in Lake View, N. Y., with the baby. A visitor in the courtroom, Benjamin Sason, 45, a stockbroker in Shanghai, China, presented her with \$30 railway fare.

Sason said he is leaving for China tomorrow, that the money was a gift and he did not expect to be repaid.

The visitor's offer was not the only one. Miss Bernadine Healy, social service worker at St. Vincent's orphanage, told the judge that the orphanage superior, Sister Mary Alice Antonia, had offered to give Mrs. Jamieson \$25 which the sister had received as a Christmas present.

Hoover Reports 'Unified' Armed Forces Discordant

Washington, Feb. 28—(AP)—The Hoover commission reported today that there is discord, waste, extravagance and lack of unified planning in the supposedly "unified" armed forces.

"The national military establishment, as set up under the (unification) act of 1947, is perilously close to the weakest type of department," the commission headed by Herbert Hoover told congress.

It recommended, among other things, that the secretaries of the Army, Navy and Air Force be demoted to subordinate status and stripped of certain powers. This would increase the authority of the secretary of defense, now James V. Forrestal, to coordinate the often-quarreling armed services.

The commission suggested that the three secretaries be deprived of their privilege of appeal over the head of the secretary of defense; that they be directly and exclusively responsible to him; that the secretaries, to clarify their position, be designated the under secretaries for Army, Navy, and Air Force.

HOW MANY TEETH DOES A FIREMAN NEED?

St. Louis, Feb. 28—(AP)—How many teeth does a fireman need?

A 31-year-old yelder, Robert W. Mahon, has none of his own but he has a good set of plates. The fire department is taking on 220 men, and Mahon applied.

Contending the personnel director turned him down with an "arbitrary and capricious" ruling solely because of his false teeth, Mahon sued for the job.

Demos Of Indiana House Walk Out In Political Fight

Indianapolis, Feb. 28—(AP)—Democratic members of the Indiana House of representatives walked off the job today in a new flare-up in the politically-divided legislature.

In a rare gesture, the speaker of the Democratic-controlled House took the floor today to lambast the Republican-controlled Senate.

He charged the Senate was blocking legislation and the cheering Democrats adjourned after his speech to go over and see the Senate in action.

This brought a sharp retort from the Republican president pro tem of the Senate that the Democratic action was "childish horseplay and a picaresque stunt."

Sen. Van Ness, the Republican leader, said "the people expect the legislature to stay on the job and consider the legislation before it."

UMW Hits NLRB Ruling That Union Contract Is Illegal

Washington, Feb. 28—(AP)—The United Mine Workers today formally objected to a ruling by a National Labor Relations board examiner that the union's contract with soft coal operators is illegal.

A brief taking exception to the decision of trial examiner William R. Ringer was filed with the NLRB by attorneys for UMW Chief John L. Lewis. Ringer held Jan. 13 that the agreement violated the Taft-Hartley law because it contained a union shop provision which had not been approved in a referendum by the 400,000 soft coal miners. The Taft-Hartley law requires such a referendum.

The question is considered largely academic, however, because both labor and management representatives have advocated wiping out the union shop election requirement when Congress writes a new labor law. Under the union shop arrangement, employees must join the union within a specified time.

Disappears Going From Car To House

Chicago, Feb. 28—(AP)—A Cincinnati, O., executive was in Chicago today to aid local police in the search for his son, a mail order company department manager who mysteriously disappeared Friday night from the front of his south side home.

The missing man is Daniel H. Heekin, 34, of Chicago, father of two children and a division manager of Sears Roebuck and company. His father is Daniel Heekin, head of the Heekin Can Co., Cincinnati.

Police said Heekin's neighbors and his wife, Ann, 34, related: He left his office on the west side of the city at the usual time Friday and drove up in front of his home. He waved to a neighbor, Ned Rosenheim, who was entering his own car as Heekin arrived. However, Heekin never went into his home.

Police searched the buildings in Heekin's block without success. His car was left in front of his home.

Gen. Clay Seeks To Retire As U.S. Governor Of Germany

Berlin, Feb. 28—(AP)—Gen. Lucius D. Clay said tonight he has asked informally to be retired from his duties as United States military governor of Germany.

It appears likely there may be a complete change in American administration here by early summer. Clay's retirement would certainly be followed by wholesale resignations among the top advisors in the military government.

Three generals have been mentioned as possible successors. They are: Gen. Mark Clark, former military governor of Austria; Lt. Gen. Walter Bedell Smith, who has asked to be relieved of his post as ambassador to Moscow; and Lt. Gen. Albert C. Wedemeyer.

Clay told an informal news conference in Frankfurt that he had no information about who might succeed him. He pointed out that Washington had not yet acted on his retirement request, submitted several months ago. The general asked to

Centralia Sister Kenny Polio Clinic May Be Shut Down

Centralia, Feb. 28—(AP)—The Sister Elizabeth Kenny polio clinic here, only Kenny treatment center of its kind in the U.S., appeared today to be headed for a shutdown.

A story, and at times bitter, conference between Kenny foundation officials and Centralia leaders broke up in confusion amid talk of an "orderly closing." No definite plan was made.

However, one Centralia, L. A. Matthews, declared, "we're not going to let the clinic go," and asked that nothing be done toward closing until Miss Kenny, who dedicated the center, returns from Australia. Marvin Kline, national Kenny executive director, to whom the question was put, did not answer.

Previously Kline said the Kenny foundation in Minneapolis had been unable to find Kenny technicians to replace those who wanted to leave the Centralia clinic. It employs three.

Court Upholds Wisconsin Ban On Union Slow Downs

Washington, Feb. 28—(AP)—The Supreme Court upheld today a Wisconsin ban on the slow down as a union tactic in a dispute with management. By a 5-4 vote, it sustained a state law which prohibits any concerted effort by workers to interfere with production except by going on strike.

The specific action involved was a series of unannounced work stoppages. The majority did not refer to it as a strike, but Justice Douglas did so in a sharp dissent which said in part:

"If the states can outlaw this strike, I see no reason why they cannot adopt regulations which determine the manner in which strikes may be called in these interstate industries."

"The right to strike, which Congress has sanctioned, can in that way be undermined by state action. The federal policy thus becomes a formula of empty words."

But Justice Jackson said in the majority opinion that the national labor relations board has been given no power to forbid a strike because its tactics are illegal.

DAV AWARD WON BY N. Y. POST COLUMNIST

Cincinnati, Ohio, Feb. 28—(AP)—Earl Wilson, New York Post syndicated columnist, was named today winner of a special award for achievement in behalf of disabled war veterans.

He was named by the National DAV Award Committee.

The Chicago Tribune said last night it had learned authoritatively that Clay would retire by June and possibly within the next 60 days.

In Washington Secretary of the Army Royal said today no decision has been made either on Clay's retirement or on the appointment of a successor.

Clay originally applied for retirement a year ago. He has become a symbol of resistance to Soviet pressure in Germany. This has been one of the chief factors in the general's staying here.

Even now the Russians would propagandize Clay's retirement as a victory for them. However, the air-lift to blockaded Berlin symbolizes American policy at present, and Clay's retirement would not have the adverse effect on German morale now it would have had last year.

5 More Clergy Plead Guilty

RUNAWAY TRAIN TRAPS MAN ON TRACKS

Cranbrook, B. C., Feb. 28—(AP)—James Thompson, a railway laborer, was caught on the tracks today by a runaway train that careened down hill towards him. Steep snowbanks on either side cut off any escape.

He threw himself against one snowbank. Three cars on the runaway train roared by but the fourth jumped the track. Thompson suffered two fractured arms, a broken jaw, crushed shoulder and head injuries.

Discuss Question Of Revising Labor Bill To Win Votes

Washington, Feb. 28—(AP)—The question of whether the Truman labor bill ought to be amended "strategically" to win votes in congress was discussed today by Secretary of Labor Tobin and Senator Elbert Thomas (D-Utah).

Thomas, chairman of the Senate Labor committee, arranged the conference with Tobin after the committee-Democrats talked over what to do about amendments.

After the session with Tobin, Thomas told a reporter he still is against offering any amendments to the bill. Thomas declined to discuss the reaction of Tobin.

It was learned, however, that some Democrats on the committee—and possibly the party leaders in the Senate—are thinking about offering amendments in the hope of winning the support of southern Democrats who otherwise might oppose the bill.

Officers Of French Army Arrested As Communist Spies

Paris, Feb. 28—(AP)—Two French army officers have been arrested as Communist spies and one of them has confessed, the interior ministry said today.

Maj. Louis-Georges Teulery, 37, has admitted he delivered military secrets to a foreign power, police said. The foreign government was not named, but the semi-official French news agency said it was "one of the popular democracies." Those are the words with which Communists describe countries they control.

The Communist afternoon newspaper Ce Soir said the foreign power probably is Yugoslavia.

Interior Minister Jules Moch told a cabinet meeting tonight that police action against Communists is continuing. He did not elaborate.

Appoint Pfeffer State Institutional Farm Director

Springfield, Ill., Feb. 28—(AP)—Appointment of Leo Pfeffer of Seymour as superintendent of institutional farms in the state agriculture department was announced today by Roy E. Yung, department director.

Pfeffer, 40, is Democratic chairman of Champaign county. For the last seven years he has managed a 440 acre farm near Seymour.

In his new job Pfeffer will supervise 21 farms operated by state penal institutions and mental hospitals.

Governor Stevenson today named Ray Hubbs of Herrin as state superintendent of parks and memorials. He succeeds George W. Williams of Shelbyville.

Mardi Gras Begins Today With Balls, Parades, Costumes

New Orleans, Feb. 28—(AP)—Tomorrow's the day they throw creams away, and pretend that dreams come true.

It's Mardi Gras—that magic time when polite clerks become yipping cowboys, shut-in bookkeepers are swaggering pirates—and yes, a kitchen maid can be a princess.

There'll be parades all day, balls far into the night, and countless smaller celebrations here and there. But the essence of Mardi Gras is in the general masking and frivolity, something like a fiesta, something like New Year's eve, something like the spring planting festivals of ancient times—and much like nothing else in the world.

The carnival season has been on since Jan. 6. Already there have been more balls than ever before—about 60—and more major parades—14.

Yet all that has been just a prelude to Mardi Gras itself—tomorrow, shrove Tuesday, the day of abandon before the solemn quiet of lent begins.

Bulgarians Speed Up Pastor Trial

Sofia, Bulgaria, Feb. 28—(AP)—Proceedings speeded up in Bulgaria's spy trial today as five more Protestant churchmen pleaded guilty and asked for a chance to work for the Communist-controlled government.

Their confessions were entered at the rate of one every 45 minutes. So routine has the pattern of self-denunciation become that several spectators in the courtroom dozed during the session.

Eight defendants in all have entered pleas of guilty to charges of spying for the United States and Britain, treason and black market money dealings since the trial began Friday. Seven others still must plead.

Yesterday's Defendants
Those who appeared on the stand today were: The Rev. Georgi Chernov, 46; the Rev. Lambri Mishkov, 41; the Rev. Georgi Vashev, 48; the Rev. Haralan Popov, 41, and the Rev. Ioncho Drinov, 41. Vashev is a Baptist and Mishkov a Congregationalist. The other three belong to the Pentecost church.

Chernov testified he and other pastors had delivered information to America on Russian troops movements and on military and economic developments.

He said he had been ordered to collect espionage data by Cyril Black, former secretary in the United States political mission here. He claimed he had talked with Black during the period from November, 1944, to the middle of 1945.

U. S. England Deny Charges
American and British authorities in Sofia have rejected all charges made by the defendants in their court recitations. (Black, now a professor at Princeton University, has denied the accusations made against him, as have other Americans accused of complicity.)

Chernov said the Evangelical Church Council of Bulgaria gave orders through Protestant pastors to "praise everything American and slander all that is Russian."

The council is an organization of Congregational, Methodist, Baptist and Pentecost churches in Bulgaria.

Vashev said he had been asked to collect information by two Americans whom he identified as Dr. William Kuhn, secretary general of the Baptist mission in North America, and a man named Leuschner, called a Baptist youth leader. Money was sent from the United States to pay for such espionage, Vashev added.

Displayed Noble Attitude
All the defendants told the court that the secret security police who took their confessions in prison had displayed a "surprisingly noble attitude."

The remaining seven defendants are expected to enter pleas and make statements tomorrow. In the afternoon the court may begin taking testimony from the 53 prosecution and 24 defense witnesses.

Then the court will recess for a day to give attorneys an opportunity to prepare closing arguments. The defendants themselves will be given another opportunity to speak. A finding may be reached by the early part of next week.

In Chicago the North American Baptist headquarters issued a statement denying the church had any connections with the U. S. intelligence services.

The statement was issued by Frank H. Woyke, general secretary. It said: "The Baptist pastors (on trial) as well as all other Baptist pastors of Bulgaria have never had any relationship with us other than those that have been purely religious and missionary."

"We have never solicited or received any intelligence information from any one of the Bulgarian Baptist pastors. All reports which have been made to the North American Baptist General Missionary Society have concerned missionary activities only."

Will Let Radio Station WDWZ Move

Washington, Feb. 28—(AP)—The communications commission today made a final grant of authority to standard radio station WDWZ to move from Tuscola, Ill., to Decatur, Ill., a distance of 38 miles.

The action, affirming a tentative grant of last year, will result in service to a larger population, the commission said. Chairman Wayne Coy dissented from the grant, however, asserting:

"A city the size of Decatur should have more than one radio station. However, it should not be authorized a second station at the expense of Tuscola, which would be left without a station."

WDWZ plans to maintain an auxiliary studio in Tuscola for local broadcasting from that point.

Sally Says She Refused To Work With US Deserter

Washington, Feb. 28—(AP)—Mildred E. "Axis Sally" Gillars testified at her treason trial today that she refused to work with an American Air Force deserter who flew his plane into Germany and went to work for the Nazi wartime radio.

Miss Gillars said the American flier, Lt. Martin Monti, came into the Berlin radio studio one day and said "Hello" to her.

"I just looked at him, turned around and walked out without speaking," she said.

Then, she related, she went to Adelbert Houben, a Nazi radio official, and told him:

"That man 'Monti' is a spy or a traitor. Either he must go or I will. If you think I'm a traitor, I'm sorry I'm just finding it out."

She said Houben rejected her demand for the removal of Monti. Thereupon she told him:

"Then I've made my last broadcast."

Houben, who testified earlier in the trial, now in his sixth week, told a similar story of the Monti incident. He said Miss Gillars went back to work after he told her that Monti had left the Berlin station.

Dormitory Fire At Kenyon College Claims Nine Lives

Gambier, Ohio, Feb. 28—(AP)—The toll of deaths in Kenyon College's dormitory fire climbed today to nine. Jack McDonald, 18, of Hamilton, Ohio, died in Mount Vernon Mercy hospital of a skull fracture suffered when he dropped from a third-floor window.

A few minutes earlier, President Gordon K. Chalmers of Kenyon officially abandoned hope for six students missing since flames destroyed "Old Kenyon" early Sunday morning.

Hot ashes piled deep inside the thick walls of the 12-year-old Gothic structure prevented firemen from searching for the bodies of the six.

Two other students died some hours before. Edward Brout, 19-year-old premedical student of Mount Vernon, N.Y., died in trying to jump from his window to a fire escape at the height of the fire. Marc S. Peck of Fenton, Mich., died in Mercy hospital about 14 hours after the fire. He was burned severely.

Stalin Announces Price Cuts On 45 Consumers' Goods

Moscow, Feb. 28—(AP)—Prime Minister Stalin tonight proclaimed price cuts in 45 classifications of food, clothing and other consumers' goods.

The decree said the changes will raise the ruble's purchasing power and strengthen Soviet money in relation to foreign currencies.

The price cuts are effective tomorrow in all retail stores.

As examples they knock 10 per cent off the price of bread, fish, butter, and canned goods; 20 per cent off the price of cheese; and 12 to 20 per cent off many clothing items. Vodka will be reduced 28 per cent.

Restaurants, tea houses and other catering establishments were ordered to make corresponding reductions in their prices.

Muscovites rejoined as the decree—signed by Stalin and G. M. Malenkov, secretary of the Communist party's central committee—was broadcast over the radio. The price reductions are a new step toward retreating the Soviet Union's pre-war standard of living.

GREEK REDS CLAIM VICTORY
London, Feb. 28—(AP)—Greek communists claimed today they have reached the outskirts of Konitsa after seizing all commanding heights in the Grammos mountains. The claim was made in a radio broadcast relayed by the Soviet News Agency Tass.

Predicts Senate Committee Won't Cut Aid To Britain

Washington, Feb. 28—(AP)—The Senate foreign relations committee won't cut Britain's \$940,000,000 share of proposed new Marshall plan money, Chairman Connally (D-Tex) predicted today.

Connally spoke after the committee had taken a searching second look at British needs. American officials told them that any reduction would endanger the European Recovery Program. They called the British figure a "tight fit."

The review was ordered because a British official said in a speech that economic recovery there had about been completed. Congressmen raised their eyebrows. The British official hastened to explain that stability required every bit of U. S. aid obtainable. And London and Washington governments emphasized that needs were not exaggerated.

Connally told reporters he does not think there will be any "material change" in the British share of \$5,580,000,000 requested to run the Marshall plan to July 1, 1950.

The committee will finish work on the bill in executive session, perhaps starting tomorrow. It has been expected to approve the full amount. There was no indication it had changed its mind.

Members heard Paul Hoffman, head of the Economic Cooperation Administration, declare that the \$940,000,000 proposed for Britain is the "absolute minimum" to maintain the recovery program. He said it had been screened by the British, the ECA, the state, treasury, agriculture and commerce departments, as well as the national advisory council on international monetary and financial problems, and the budget bureau.

The bill before the committee would simply "authorize" ECA appropriations to help the western European countries stand on their own feet and stave off communism. Separate legislation would be required to provide the money.

APPROVE BILL TO GIVE FARMERS TELEPHONES

Washington, Feb. 28—(AP)—The House Agriculture committee approved today a bill to permit financing of country telephone lines by the rural electrification administration.

Sponsored by Rep. Poage (D-Tex.), the bill would provide for 35-year loans at two per cent interest, the same as now available for electrifying farms.

The bill would protect existing telephone companies by limiting loan applications for six months to companies in business now.

'Misunderstanding' Causes 50 Deaths In Siamese Clash

Bangkok, Siam, Feb. 28—(AP)—Confused fighting which took at least 50 lives throughout this capital was blamed officially today on a weekend "misunderstanding" among the Siamese army, navy and marines.

It appeared that an attempt to overthrow the regime of Premier Phi Un Songram failed due to leakage which had caused declaration of a state of emergency Feb. 17.

Bangkok was fast approaching normal this afternoon, but some main streets were still blockaded. There was occasional rifle fire by trigger-neurotic guards near government buildings.

The public, which treated the disturbance of Saturday night and Sunday as a good show, was still trying to figure out the details.

The government announced it was all a "misunderstanding," but said 40 plotters had been arrested. Earlier government statements indicated there was an attempted coup.

The clash started between army and navy patrols near the outskirts of Bangkok, in which one sailor was killed.

Says Businessmen Should Cut Profits And Not Wages

Washington, Feb. 28—(AP)—One of President Truman's top economic advisers said today businessmen should "squeeze" margins of profit rather than cut wages or throw workers out of jobs.

Leon H. Keyserling, a member of the president's three-man economic advisory council, said former President Herbert Hoover advocated such a policy when he was in the White House. But, he said:

"Unfortunately, his pleas were unavailing."

Keyserling said that if business decides to hold onto its margins as long as possible, cutting back on employment and production, the results would be "dangerous."

"We must make hard and realistic efforts to avoid the boom-bust cycle, or we will certainly again suffer its consequences," he said in a copyrighted interview published by the U. S. News and World Report, a weekly news magazine.

Finnish Printers' Union Asks Strike

Helsinki, Finland, Feb. 28—(AP)—The Finnish Printers' Union tonight ordered all its members to strike for a 10 per cent wage increase.

**RUSSIANS PASS MILESTONE IN
RACE TO MATCH US INDUSTRIALLY**

The Russians may not yet have developed an atomic bomb. But it is certain that they have the secret of at least one recent product of American industrial genius. Moscow has proudly and publicly announced as much.

Just what use the Soviets will make of this weapon remains to be seen. The possibilities are enormous, for it is a versatile instrument. Although Americans have not tested it in actual war, it has already proved itself remarkably adaptable.

It is not only amphibious but submersible. It operates as well in water as on land—some think even better.

It can be used by one man, and it has proved its effectiveness against superior numbers when thus employed. One of the developers of this instrument proved that point under simulated combat conditions. Armed with no other weapon, he was able to dispel hostile military forces who were on the verge of closing in on him and preventing his escape from an airfield in China.

The instrument also has some surprising psychological properties of a non-military nature. American tests prove conclusively that it is effective in raising substantial sums of private revenue. Once the mass mind has been conditioned to admit its novelty, desirability and necessity, it has been possible to raise funds by selling it at what might usually be considered an exorbitant price. The Russians will probably be able to employ much the same technique, even under a different economic system, to swell their public treasury.

It may even be that the Soviets will be able to make diplomatic use of this instrument. By exploiting and developing its somewhat deceptive characteristics, they may find it valuable in drafting treaties that can be broken without too obvious a national dishonor.

Perhaps these conjectures seem pessimistic. But we may as well face reality and adjust our future accordingly. We can no longer sit back with smug confidence in our monopoly. For the sober fact of the matter is this:

Russia now has the ball-point pen.

**A Honeymoon Idyll
On Cabbage Key**

By Hal Boyle
St. Petersburg, Fla. — (P) — A beachcomber's life on a palm-fringed isle is anything but a restful adventure.
But it is fun—if you don't mind hard work and doing without modern kitchen and bathroom conveniences.
At least that has been the experience of two young honeymooning couples here. They didn't have to go to the South Seas. They carved wilderness homes on Cabbage Key, a lonely 2,000-acre island, jungle twelve miles southwest of this Florida west coast tourist metropolis.
A year ago Claude and Eva McCall came and built themselves a two-room palm-thatched cottage in a clearing near the bay. Last October another young couple, Malcolm and Barbara Simmons, moved to Cabbage Key and cleared a home-site, too.
Find Romance, Happiness
Since then the two couples have lived happily a-la-Tarzan, working companionably together to turn the island into an Eden of comfort and plenty. They say they have found

both romance and happiness.
"One reason it has worked out so well is that it was our wives who wanted to try this Robinson Crusoe life," smiled McCall, a slim tanned former radio repairman.
He has a small, leaky motorboat. He and Simmons use it to go clamming or shrimp fishing to earn what cash money they need.
"I guess it is really harder work than fixing radios," McCall said "but somehow it doesn't seem like work."

Living Is Cheap
Actually neither couple requires much money. They have no rent, their clothing upkeep is at a minimum, and there are no bars, nightclubs, or movies on the island. The only neighbor is old Uncle Silas Dent, a bewhiskered sociable hermit.
"We can live real well here and have a darn good diet for \$10 a week," said Barbara. Most of that goes for motor fuel and for groceries bought at a village across the bay. They could probably cut costs to \$5 a week by eating more sea food which they catch themselves.
The islands abounds in raccoons, land turtles and rattlesnakes—and all but the rattlesnakes are considered highly edible.
"Roast coon is wonderful," said Barbara, a pretty, chestnut-haired former office credit executive from Washington, D.C. "It has a taste between chicken and beef."
She'd Leave Out The Snakes

**Former Local Girl
Becomes Bride Of
Springfield Man**

In an impressive ceremony which took place Jan. 30 at Trinity Lutheran church in Springfield, Miss Arah-Dean Scheele, daughter of Mr. and Mrs. Arthur H. Scheele of Springfield, formerly of this city, became the bride of Lynn E. Wolaver, son of Mr. and Mrs. Lindie H. Wolaver, also of Springfield.

Following the ceremony, a reception was held at the Leland hotel in Springfield, after which the couple left on a wedding trip to New Orleans, La. They have since returned and are now residing at 1008 West Green street in Urbana, where Mr. Wolaver is doing graduate work at the University of Illinois.

Both Mr. and Mrs. Wolaver were graduated from the University on Feb. 6, when she received an A.B. degree in liberal arts and science and Mr. Wolaver received a B.S. degree in electrical engineering.

The bride is the granddaughter of Mrs. Ella Sample, 522 South Diamond street.

PIGS GO BY AMBULANCE

Hamburg, Germany—(P)—German police carrying out an anti-blackmarket road check stopped a new ambulance. They were about to wave it on when queer noises came from inside. When the door was opened three pigs jumped out. They had been drugged, but the effects had worn off.

The only thing she would omit from the island is the rattlesnakes. Several snake skins hang from the living room walls.
But there are things to make her and her friend Eva forget the snakes—long warm days in the sun, the night wind softly stirring the palm trees, lazy swims in the blue waters freedom from "noisy neighbors."
There is a time limit on all things. And their romantic idyll won't go on forever. A syndicate recently purchased Cabbage Key for \$200,000 and has plans to develop the little island paradise into a playground for the wealthy.
"By then we'll be ready to leave," said Mrs. Simmons. But if I had a million dollars tomorrow, I wouldn't want anything different from this life."

Problems In Filing Tax Return On Long-Form

(Editor's note: This is another in this series of articles on who has to do what about his 1948 income tax return, for the deadline is March 15.)

By James Marlow

Washington, Feb. 26.—(AP)—If your 1948 income was \$5,000 or more, you must make your tax return on the 1040 long-form.

Some problems of unmarried and married people in using the long-form will be explained in this article. Keep these three things in mind in using the 1040 long-form: exemptions, deductions, and the problems of husband-wife filing.

Before going further, remember

be claimed for her unless she files a return, either separately or jointly with her husband.

But—if she had income of \$600 or more, she must file a return anyway, either separately or jointly.

Stand To Lose Money

So a couple stands to lose money—since there's a \$600 exemption for her—if she had under \$600 income and doesn't file jointly with her husband, for, as pointed out, otherwise the \$600 exemption is lost.

A dependent is any person—age doesn't count—who is closely related to you and got more than half of his or her income from you in 1948.

But you can't claim as a dependent anyone who had income of \$500 or more—which means you lose the \$600 exemption for him.

So long as he had less than \$600 income, he wouldn't have to file a return. But if his income was \$500 or more, although under \$600, you couldn't claim an exemption for him.

Husband-Wife Filing

If you aren't sure whether, in your particular case, separate or joint filing will save money for you, work out your tax both ways.

The reason it was said earlier that

One group assorted dresses values to 14.95 only \$3, 4, & \$5.

EMPORIUM

husbands and wives almost always will save money by filing jointly, whether the wife had income or not, is this:

They'll get the benefit of the new law congress passed for married people last year. It permits couples to "split" their income, as if each were claiming half of the total.

Deductions

Every unmarried person who files a return is allowed a personal deduction—for things like medical expenses, charity, taxes, interest—of 10 percent of his income up to a limit of \$1,000.

That—meaning a 10 percent deduction—is standard for unmarried people, without itemizing. If they want to claim more than 10 percent, they must itemize.

Take three unmarried examples, their income, and the standard deduction allowed them: Smith—\$8,000 income, \$800 deduction; Jones—\$10,000 income, \$1,000 deduction; Brown—\$20,000 income, \$1,000 deduction.

Different With Married People

But—and this is important—it's different with married people.

Even when the wife didn't have a dime of income, a married couple filing a joint return gets a standard deduction of 10 percent of their income up to a limit of \$1,000. Example: their income was \$9,000—deduction, \$900; or, their income was \$15,000—deduction no more than \$1,000.

But a husband filing a return alone—that is, separately—when the wife had no income, is allowed a standard deduction not exceeding \$500, no matter how high his income. Example: income \$5,000—deduction, \$500; income \$10,000—deduction, \$500.

When husband and wife file separate returns, neither is allowed more than \$500 standard deduction for each.

It would seem here that a single person has an advantage over a married couple in deductions. But that only equalizes for the unmarried persons the benefits husbands and wives get by filing a joint return.

They can "split" their income and get a lower tax but a single person can't split his income.

Fox Bounty Ended By County Board

The \$3 bounty on foxes was suspended by Morgan county at midnight Monday, after a two months' period in which 343 foxes were slain and \$1,029 was paid in bounties.

The county board of commissioners voted to suspend the bounty, which was placed in effect Jan. 1 on a temporary basis. The commissioners said they will consider the matter of fox bounties again next fall.

In the meantime the bounty of \$10 remains on wolves.

Mildred Cogswell, Former Resident Of City, Dies

Mrs. Mildred Cogswell of Springfield, a former resident of this city, died Monday at 9:30 a. m. at Passavant hospital, where she had been a patient for the past two weeks. She had been in failing health for two years.

A native of Virden, Mrs. Cogswell was born on July 20, 1870, the daughter of Andrew and Mary Wright. Her marriage to Frank Cogswell took place in Virden in 1893. He was for several years an instructor at the Illinois School for the Deaf. While residing here, Mrs. Cogswell was an active member of Grace Methodist church, the Jacksonville Woman's club and the Morgan County League of Women Voters. In Springfield she belonged to the First Methodist church.

Surviving are her daughter Miss Elizabeth Cogswell, dean of girls at Feltshans high school in Springfield; and one sister, Mrs. C. W. Adams of Tampa, Fla.

Her husband preceded her in death several years ago.

Funeral services will be held at the Cody & Son Memorial Home Wednesday afternoon at 1:30 o'clock with the Rev. A. R. Grummon, pastor of the First Methodist church in Springfield officiating.

Burial will be in Diamond Grove cemetery.

The family will meet friends at the funeral home Tuesday night from 7 to 9 o'clock.

Man In Barn Loft For 7 Days; Feet Frozen

Suffering from badly frozen feet and legs, John Huston, an odd-jobs man who has lived here several years, was found Sunday evening in a barn loft at the Morgan county fairgrounds. He is believed to have been in the barn seven days and nights without heat while the temperature each night was below freezing.

While feeding horses in the barn, Justin Biggs heard a noise in the loft and investigated, finding Huston in a helpless condition. Biggs notified the sheriff's office.

Huston was able to talk when Sheriff Bourn and deputies arrived and removed him from the loft. He said he went into the loft a week ago Sunday. During that time he is believed to have had little or no food.

The man was taken to the county jail where he was treated by Dr. T. O. Hardesty for frozen feet and exposure. Huston's legs were frozen almost to the knee.

After a conference of the county physician and the sheriff Monday, Huston was taken to the Jacksonville State hospital for further treatment and observation.

Pierre Has Party On Fifth Birthday

Saturday, Feb. 25, marked the fifth birthday anniversary of Pierre, massive Saint Bernard dog belonging to Major Henri Servalais of the Salvation Army.

Pierre was honored with a party at the Salvation Army post Saturday night. Entertainment was provided by Merritt Caldwell, magician, who performed a number of magic tricks.

In front of the stage was a large display of canned horsemeat, other dog food, artificial bones, cards and other gifts which Pierre received from his friends in the Salvation Army Sunday school.

Ernest Tilton, 54 Years At I.S.D., Dies Sunday

Ernest Tilton, 77, last surviving member of a well known and highly respected Morgan county family, died Sunday noon at Our Saviour's hospital where he was taken Friday morning after suffering from a stroke at his home 414 South Kosciusko street, early Thursday morning.

For more than 54 years Mr. Tilton was in the employ of the Illinois School for the Deaf. At the time of his retirement three years ago he held a most unusual record in the state employment service. His last position in the state service was as custodian of Bowen Hall, the institution's auditorium.

He is remembered especially in this connection for his contacts with the members of Boy's State when that organization held its annual meetings in Jacksonville, whose members gave sincere expression of their appreciation of his many acts of service that contributed to their enjoyment and comfort.

At the time of his retirement he was the recipient of letters from former Governor Dwight H. Green and superintendent of the Illinois School, Dan Clout, in appreciation of his long and faithful service as a state employee.

Mr. Tilton was born in Jacksonville August 13, 1871, where he spent his entire life, the son of Peter and Martha Cassell Tilton. In addition to his parents, two brothers, Robert Tilton, former state's attorney and William T. Tilton, long time member of the Illinois Deaf School faculty, preceded him in death.

He was married in 1897 to Miss Wilhelmina Tunze of Columbia, Ill., whose death occurred April 17, 1922. He was a member of the Episcopal church and local Deaf School Fraternity.

Surviving are two children, Mrs. Wilford Queen of 414 South Kosciusko street, with whom he had resided since the death of his wife; a son Earl Tilton of 840 Edgehill Road, Jacksonville and grandson Reynolds Queen.

Funeral services will be held Tuesday afternoon at 2:30 o'clock at the Cody and Son Memorial Home, with interment in east cemetery.

Mother Of Local Man Dies At 96

R. L. Dumas, 288 Sandusky street, has received word of the death of his mother, Mrs. L. E. Dumas, in Stillwater, Okla., at the age of 96 years.

The aged woman was born and reared near Carlinville, Ill., moving with her family to Oklahoma in 1898.

Besides R. L. Dumas of this city she is survived by two other sons, J. H. Dumas and J. E. Dumas of Bristow, Okla., and a daughter, Mrs. John Williams of Stillwater, Okla., with whom she made her home.

Folger's Coffee—Mountain Grown

Recommended for its Vigorous Flavor—

You'll Love its Keen, Winery Tang...its Completeness of Flavor

To Bring Back the Good Old Days! Pile into the old sled and chase the moonlight down the back roads. Top it all with lots of that famous Mountain Grown coffee. If you live in a too progressive city and can't find a sled you can always find Folger's. Fix up an extra supply... and imagine the sleigh ride... it's that good!

He Said it was Wonderful! This shows the joy husbands have been known to express when the lady of the house brings Folger's into the home. If you are contemplating the purchase of a spring hat or some longed-for finery, you'll find that the serving of Folger's will do wonders to put him in a push-over mood!

Nature's prize gift of coffee flavor is captured for you in Folger's!

IN the faraway mountains of the Tropical Americas—the magic of brilliant sunshine—abundant rainfall—and a remarkable volcanic-ash soil combine to produce coffee with an amazing intensity of flavor. Folger specializes in the blending and roasting of these special kinds of coffees.

The Folger Flavor is distinctive and different. No other coffee is quite like it. Try it and you will love it for its keen, winery tang... for its rich, vigorous goodness... for the very completeness of its satisfying qualities.

Sneak Thief Takes Coats From Three Cars During Game

While the Illinois College Blue-boys were engaged in the job of licking Elmhurst at the Illinois School for the Deaf gym Saturday night, a sneak thief was busily occupied in making the rounds of fans' automobiles parked near the gym.

At least three automobiles were broken into and pilfered. Coats seemed to be the favorite loot of the thief or thieves, as three were taken. All of the thefts were discovered after the contest when the owners returned to their cars.

Hugh Gibson, 806 Edgehill Road, reported to police that a tan topcoat and car robe were stolen from his automobile.

A brown top coat, with a Navy discharge button in the lapel, was missing from a car belonging to H. M. Berline of White Hall. A Stetson hat and a pair of gloves also were stolen from the Berline car.

A light brown topcoat was stolen from a car which had been driven to the game by Paul Hurst of Canton, Ill.

Shirley Lewis On Program At Lioness Meeting

Miss Shirley Lewis, teacher of piano at MacMurray college, presented two piano selections at the Lioness club meeting held at the Dunlap hotel. She was introduced by music chairman, Lioness Quay.

Also included on the program, which was in charge of Lioness Carter, were pictures of a trip through Yellowstone National Park, Glacier Park and Canada, shown by O. A. Schutte, president of the Lions club.

The meeting opened with the pledge to the flag led by Lioness Noudett, followed with the Lord's Prayer in unison.

During the business session plans were made for a bake sale and also for a rummage sale.

Guests at the meeting included Mrs. Tom Eades, Mrs. Rex Henley, Mrs. A. Woodcock, O. A. Schutte, Miss Shirley Lewis and Mrs. Alta Eisch.

Guest night will be observed at the March meeting. Each member is entitled to bring a guest.

Studies Engines

Pfc. Allen H. Brewer, 18, son of Deneen Brewer of Chapin, has reported to Keesler Field, Mississippi, to begin training in the Airplane and Engine Mechanics School.

Keesler Field, a base of the Technical Division, Air Training Command, is the home of the world's largest Airplane and Engine Mechanics School.

The training Pfc. Brewer receives in the school will extend over a period of 28 weeks and will include instruction in aircraft electrical systems, engine operations, fuel and oil systems, propellers, structures, instruments and inspections. This training will qualify him to perform maintenance on all conventional type aircraft flown by the USAF.

Entertains Home
Bureau Members

Twenty-three persons gathered Friday at the home of Mrs. Albert Swain for an all day meeting of the Sinclair Home Bureau unit, which opened at 10:30 a. m. with Mrs. Ray Shortridge, chairman, presiding.

Mrs. Nat Nelson, health and safety chairman, asked members to sign a paper stating intentions for promotion of safety in the home during the coming year. Suggestions for next year's radio program were given during roll call.

Mrs. Mildred Seeman, home adviser, gave a lesson on winter salads in relation to the meal.

A sack lunch was served at noon. Mrs. Swain and daughter Virginia, assisted by Mrs. Robin Swain, served coffee. Roll call for the afternoon meeting was answered by giving favorite recipes. Mrs. Harry Martin presented a lesson on program planning. The members decided to hold a glass etching and textile program March 9 at 1:30 p. m. at the home of Mrs. James Swain.

The minor lesson on icing and cake decoration was given by Mrs. Roy E. Robinson. The home adviser presented results of the sewing machine demonstration.

The next meeting will be held March 22 at the home of Mrs. Harold Swain.

Teacher Exams
Will Be Given
Here March 11

The next written examination for teacher certificates will be held in the office of John Deem, county superintendent of schools, on Friday, March 11, at 8:30 a. m.

Three types of certificates may be earned by examination: namely, limited elementary, limited special and limited kindergarten-primary. No person will be issued a certificate by examination unless he or she presents evidence of having earned sixty semester hours of credit from a fully recognized institution of higher learning, such training to include ten semester hours of education, five hours of which shall be student teaching.

Those desiring to take the examination should notify the office of the county superintendent of schools not later than March 5, stating the type of certificate desired.

U Of Illinois Clinches Tie In Big Nine Cage Race; Defeats Indiana 91-68

Champaign, Ill., Feb. 28.—(P)—The Big Nine basketball crown tonight by overwhelming Indiana 91-68, biggest conference victory score of the season.

The combined tally of 159 points set a conference record by topping the 152 total in Illinois' 98-54 win over Purdue a year ago.

The Illini, with only one game remaining—against Michigan next Monday—need only 26 more points to establish a conference team record. They now have scored 730 points in 10 wins and one defeat. The league record for a 12-game schedule is 753 by the 1943 Illinois Whiz Kids.

After the score was tied five times in the first six minutes, Illinois erupted into a 16-10 lead, expanded it to 41-33 at halftime and held a wide lead throughout. During the first half, Illinois' Dick Eddleman flipped in 11 of his total 23 points which topped the scoring. Bill Erickson potted 14, Wally Osterkorn and Jim Marks 12 apiece and Slip Kersulis 11 in the Illinois gang-scoring style.

Don Ritter was high for the Hoosiers with 20 points while Lou Watson added 17.

Illinois made good on its first 19 free throw attempts and dropped 31 out of 41 for the entire game. The Illini also hit 30 field goals in 83 shots for a 36 percentage. Indiana made 27 out of 78 good for 35 per cent.

Joe Baptist, Jr. Signs Contract In Coast League

A former Jacksonville boy has been signed by the Sacramento Solons of the Pacific Coast baseball league. He is Joe Baptist, Jr., who was born and reared at 503 West Walnut street.

Baptist, whose home is at Richmond, Calif., affixed his name to a contract with Sacramento, after which it was reported that he would be assigned to duty with San Bernardino in the Sunset league.

While a member of the El Cerrito, Calif. high school squad, Baptist not only captained the team but served as president of the student body.

California newspapers said that although he is considered small as baseball players go, he makes up in hustle what he lacks in size.

After graduating from high school with a scholarship, Baptist went to Wilks, Calif., where he played semi-pro ball. It was there that he attracted attention of Sacramento scouts.

Baptist, who is 20 years old, lives in Richmond with his mother and sister, Mary Ann Donatello. He is a nephew of several Morgan county residents including Mr. and Mrs. John DeFrates of Bedford street, Mr. and Mrs. Ed DeFrates of Woodson and Mr. and Mrs. Mathew Fortado of Jacksonville.

St. Louis Cards Banned From Using Sportsman Park

St. Louis, Feb. 28.—(P)—The St. Louis Cardinals baseball club was notified today that, effective April 1, it could no longer use Sportsman Park.

The notice was served by the Dodger Realty and Investment company, which owns the park and which is controlled by the St. Louis Browns.

A feud between the city's two major league clubs over use of the park has been smoldering for some time. The Browns have demanded a higher rental fee than the \$35,000 the Cardinals are paying annually, and the American league club management has been irritated by the refusal of the Cardinals to stop radio broadcasts of their road games. This, the American club has maintained, cuts the attendance at Browns' home games.

Today's action came in the form of a legal notice inserted in the Globe-Democrat. It notified the National league club that it had forfeited its park lease "because of an attempted assignment," and declared the contract terminated.

Wheaton Picked Over IC Blueboy Quintet For State Play-Offs

The Illinois College Blueboy quintet was made conspicuous by its absence from the four teams picked to compete for a chance to represent Illinois in the N.A.I.B. basketball tournament at Kansas City, in a meeting a Springfield Sunday.

The nine-man selection committee today picked co-champions Eastern Illinois at Charleston and Western Illinois at Macomb from the Illinois Intercollegiate Athletic conference, and Illinois Wesleyan and Wheaton of the Little Nine.

The two day conference to name Illinois' representative at the Kansas City meet will be held at Bloomington Wednesday and Thursday. Committee drawings match Illinois Wesleyan and Eastern in the opening game, and Western with Wheaton in the other first round game Wednesday. The final game will be held Thursday night. The Kansas City event starts March 7.

Kentucky, St. Louis To Renew Rivalry In NIB Tourney

New York, Feb. 28.—(P)—Kentucky and St. Louis University, the nation's first and second ranking basketball teams, will renew their rivalry in the National Invitation Basketball tournament at the Garden early next month.

Both were extended formal bids today. St. Louis accepted promptly, and it was reported reliably that the Wildcats also had decided to compete.

There was no official announcement immediately on Kentucky's acceptance. But a high official, said the Wildcats had agreed to play.

Bernie Shively, director of athletics at Kentucky, said the school is "considering" the N.I.B. bid. Kentucky is understood to be keen on competing in both the NCAA and N.I.T. tourneys.

Kentucky has made no bones about its desire to meet St. Louis once again. The Billikens (18-3) handed Kentucky its only beating of the season, defeating the boys from the Blue Grass State, 42-40, in the New Orleans Sugar Bowl tourney last December. Since then Alex Groza, Wah Wah Jones, Ralph Beard and Co. have won 17 games in a row and boost a 25-1 record.

Ten Major League Clubs Begin Spring Training Today

Tampa, Fla., Feb. 28.—(P)—Ten major league baseball clubs will begin spring training in Florida today. It's the biggest crop of teams in the state since the war.

Some of the clubs gave a slightly dirty look at the weather man. In the west coast section he predicted a 10-degree drop to 56. That's a little jolt after the long run of springlike weather—the warmest for the state in 17 years.

Most of the clubs plan to take it easy on opening day. Generally, players will check in, get their uniforms fitted. There will be a few light setting up exercises.

It will be toward the end of the week before the drills get tough. Then some club managers will start the two-a-day sessions. Others will get in all the hard work in one prolonged period.

Ohio State Slams Michigan State In 70-51 Contest

Columbus, O., Feb. 28.—(P)—Coach Tippy Dye used his entire Ohio State varsity basketball squad tonight in holding down the score against Michigan State. The Buckeyes won, 70-51, after leading 56-28 late in the game.

The game was the last for Michigan State's coach, Ben F. Van Alstyne, who is retiring after 30 years of coaching—23 of them at the Spartan school.

Ohio State now has won 13 games and lost seven, while Michigan State's record is nine wins and a dozen defeats.

The visitors tied the score once, 2-2, and stayed with the Buckeyes for the first 10 minutes. They never led, however, and Ohio was in front at halftime, 34-17.

Dick Schmittner and Bob Raidiger were the Buckeyes' big guns. Schmittner with 19 and Raidiger with 17. Schmittner now has 315 points for the season—within seven of the OSU season record he set last season. The Bucks wind up their season Saturday against DePaul.

Favorites Win In First Games At Pittsfield Meet

Pittsfield, — Favorites roared to easy victories as the Pittsfield regional go: underway last night. The home team trampled Milton 46 to 24 in the opening tilt, while Griggsville routed Pleasant Hill 66 to 29 in the second game.

Dell led Pittsfield scorers with 11 tallies in the first game. Sidwell, Milton center, was high for the losers, netting 8 markers.

Brown and Collins collected 13 points each for Griggsville and Monney flipped in 9 for the Pleasant Hill losers.

Rehfeldt Gets 34 Points As Badgers Drop Iowa 70-47

Madison, Wis., Feb. 28.—(P)—Center Don Rehfeldt dropped in 34 points for a new fieldhouse record tonight as the University of Wisconsin overpowered Iowa, 70-47, in a Big Nine basketball game tonight.

Rehfeldt scored 13 baskets and eight out of nine free throws to break the Badger fieldhouse record of 31 points set by John Kotz in 1942, also against Iowa. The big center also adds two other school records of 364 points and 140 field goals in one season, and still has one game left.

Wisconsin led all the way and held a 34-26 margin at halftime, but a Hawkeye rally featuring three baskets by forward Charlie Mason closed the gap to 36-34 early in the second half. Mason was top Iowa scorer with 11 points.

Rehfeldt, Doug Rogers and Fred Schneider teamed to pull the Badgers ahead, 46-34, from where they coasted in. Bob Schulz pumped in three long shots for Iowa late in the game, but the effort wasn't enough.

Wisconsin made its best showing in the year with a tight defense and control of rebounds. The Hawkeyes were forced to rely on long shots most of the first half.

The victory averaged a 61-60 defeat Wisconsin suffered at the hands of Iowa at Iowa City Feb. 19 after the Badgers blew an early 17-point lead.

Crimsons Will Meet New Berlin Pretzels In Second Contest

By Bob Merris

Three Jacksonville teams get in on the christening of the I.S.D. regional tonight as first-round contests get underway in this first major state elimination contest.

Eight teams will be in three tight-fitting to win this match and continue to sectional play as the field narrows, and those "sweep" sixteen quintets gradually evolve into the real thing. Rount, Virginia, Jacksonville High, Waverly, Illinois School for the Deaf, Ashland, New Berlin and Chambersburg winner of the Arenzville district, were picked to finish in that order by officials in a pre-tourney confab. However, since that meeting, the entire set-up has taken on an entirely different aspect, and the experts have thrown the field open to any one of the eight teams entered, and claim they won't be surprised if any of these quintets come out on top. Opinions run from Rount to Chambersburg, although most fans are keeping their mouths closed and their eyes open as tourney time nears H hour.

Rount, L.S.D. First Up
Paul Stroud's Rount outfit tangles with Spike Wilson's gang from L.S.D. as the elimination series gets underway at 7:15 this evening. In their only previous tussle this season, the Wilsonmen carried off a 33 to 32 victory, in a bout that was the second on L.S.D.'s schedule and the opening tilt for Rount. Although the east-siders are picked over L.S.D. in this battle, the Tiger's are sporting a better average in wins and losses. Wilson has seen his team cop 18 games while losing 8, and Stroud watched his boys stack up 16 wins and drop 8.

Stroud Has Lost One Regular
Despite the red-hot pace the Tiger forwards have been setting of late, Paul Stroud hasn't taken the time to worry about this first meeting and is concentrating his full efforts on whipping his lads into the pink of condition for the tough tourney grind. He has lost one regular since the season got underway in November. Vernon Tighe, a starting forward, has been dropped from the roster, and sophomore cager, the rest of the line-up looks the same showing Paul Kennedy at the other forward, Paul Sauer in center, with A. J. Spreen and Joe Murphy in the defensive positions. Billy Kaufmann, 6 ft. freshman standout, has been playing a lot of basketball in the last few games for Stroud, and will be plenty of help as an able replacement for the Rocket starters. Rount, too, finished its regular season on the right note, as they whipped Carrollton to the tune of a 48 to 38 count last Wednesday night at Our Saviour's court.

Crimsons Meet New Berlin
Bob Kraushaar's Jacksonville Crimsons made the vote unanimous for local fives this evening when they tangle with the New Berlin Pretzel five in the night cap at 8:30 p.m.

Bob, working with an inexperienced team, has concentrated his efforts on building a more formidable outfit for next year, since he lost Stan Spotts, high scoring guard, through mid-year graduation technicalities. The Jacks boast a season's record of 7 wins and 16 losses as they go into the regional as favorites over the New Berliners.

The Crimsons tested their strength against the Pretzel outfit last Friday evening on the David Prince planks and dumped the visiting quintet 60 to 35. Using this as a basis, the odds are with Bob Kraushaar and his lads to cop at least their first round bout this evening.

Names Starting Line-Up
The high school mentor strengthened his outfit considerably when Harvey Meyer jumped into the starting center position and filled what had previously been a weak spot in the Crimson five very ably. Meyer has been the leading scorer for the Kraushaars in their first three tilts, and is a sure bet to be in there jumping at the center spot this evening against the Pretzels. Rollyn Trotter and Jack Chapman will start at forwards with Gene and occupy it together.

Elgin Again Rated Top Choice For State Cage Title

Springfield, Ill., Feb. 28.—(P)—Elgin's Rango Maroons clung to the role of No. 1 choice to replace Pinckneyville's defending state champions Monday in the 10th Associated Press poll of sports writers. Their selection marked the first time in the weekly poll's five year history that one team held top billing throughout the regular season.

Despite Friday's 78-66 conquest of Freeport, Elgin's prestige didn't quite measure up to earlier standings. This was because of three recent defeats that deprived the Maroons of unbeaten status and mapped a 17 game winning streak.

Still, Coach John Krafft's lads were comfortably out in front of Danville, which repeated in the runnerup spot followed by Teutopolis in third and Mt. Vernon in fourth position.

Elgin bagged 12 of 21 first place nominations. Teutopolis collected four, Mt. Vernon two, Seneca two and Danville one.

The makeup of the elite 15 list was the same as a week ago. There were no changes in assignments to the first four berths, and only minor ones in the lower rankings.

The top 15 teams:

No. Team
1. Elgin (18-3)
2. Danville (22-2)
3. Teutopolis (27-0)
4. Mt. Vernon (21-3)
5. Kankakee (21-2)
6. DeKalb (22-2)
7. Oak Park (16-2)
8. Sterling (21-1)
9. Dundee (21-2)
10. Collinsville (20-3)
11. Paris (23-4)
12. Nashville (26-1)
13. Herrin (20-3)
14. Moline (15-7)
15. Seneca (27-0)

Other teams getting votes: Johnstown City, Monmouth, Effingham, Belleville, Riverside, Hillsboro, Quincy, Vandalia, LaGrange, New Athens, Peoria Manual, East Peoria, Olney, Salem.

Waverly-Chambersburg Are Hot Favorites

Many prognosticators are looking to the Waverly-Chambersburg tilt as the championship game. Both the Scotics and Red Raiders have been going great guns of late and will provide fans with a battle-royal in this final first-round tangle.

Here's how they'll stack up in the first games tonight and Wednesday:

Tonight
Rount vs. L.S.D. (7:15 p.m.)
J.H.S. vs. New Berlin (8:30 p.m.)

Wednesday
Virginia vs. Ashland (7:15 p.m.)
Waverly vs. Chambersburg (8:30 p.m.)

Tuesday night will find the semifinals getting underway at the same time, and the championship tussle is slated for 8:30 p.m. Friday evening.

DOM TO SIGN WITH SOX

Sarasota, Fla., Feb. 28.—(P)—Dom Di Maggio, spectacle Red Sox outfielder, said today he "definitely will sign" his 1949 contract as soon as it catches up with him.

He has vacationing here in advance of spring training which opens March 6.

City To Receive Bids Mar. 14 For Main And College Signal Lights

Bids for materials to be used in construction of new traffic signal lights at South Main street and College avenue will be received by the city council on March 14 at 8 p.m. The new traffic regulator will include modern flasher signals on each corner, and two large mercury vapor lights mounted on poles which will provide brilliant illumination for one of the city's busiest intersections.

Alderman Reid of the highway committee reported at last night's council meeting that plans for the set of signals, a motor fuel tax project, have been approved by the state highway department. Engineer Kenneth Stapleton submitted a technical description of the lights, stating that most of the work of installation will be done by city employees. He said the project has reached the stage for bids, after which Alderman Weaver moved, seconded by Alderman Reid, that the bids be called for March 14. The

motion carried unanimously. In the absence of Mayor Hoagland, who is undergoing a physical check-up, Alderman Frank Baker of the state highway department, on motion of Alderman Flynn, seconded by Alderman Weaver.

Alderman Reid of the second ward was present the first time since last September, when he sustained arm and leg fractures in a traffic accident.

Announcement of a water treatment plant operators' short course to be held March 21 to 25 at the University of Illinois was read by City Clerk Phillips. One or more employees of the local water department probably will attend the short course.

Want More For Services
The clerk read a letter signed by judges and clerks of Precinct 1 in last week's primary election, expressing their belief that they are entitled to \$10 for 13 hours' work. The present rate of compensation for judges and clerks in city elections is \$6, which has been paid at the last several elections. The letter was discussed and placed on file without action.

The report of Police Magistrate Russell J. Alvarez for February was presented, showing collections of \$133 in fines and costs. The police court handled 20 city cases and five state cases.

Collections of \$2,133.05 for the month were reported by City Clerk Phillips. The largest item in this amount was \$795 in rent and motion picture license fees amounted to \$250.

A request for the revocation of a license fee for a carnival which will be brought to the city during the week of May 9 to 15 under auspices of the 40 & 8 was made by Russell J. Alvarez, and granted after a motion by Alderman Henderson, seconded by Alderman Weaver.

To Reinforce Floor
Probability of some reinforcing work to the floor of the fire station before the arrival of the new 100 foot aerial ladder truck in April was reported by Alderman Reid of the fire committee and Alderman Flynn of the city hall committee. The fire chairman said a committee from the council expects to go to Canton, Ill., within a few days to see a 100 foot aerial in operation.

Alderman Baker of the finance committee said the budget will be made up within a few weeks, after which City Attorney W. L. Lay called attention to an estimated \$11,000 decrease in municipal revenue this year, due to a reduction of the state tax rate under the Hodge law. He said the council should take this into consideration when making up the budget.

Repairs along the Wabash right-of-way in the vicinity of the Brown street and Lafayette avenue crossing, and the Church street crossing, were discussed by Alderman Flynn and Henderson. The city attorney was instructed to write to railroad officials concerning the condition near Church street, where an abandoned well continues to flow into the sewer.

Reports Water Plant Work
The city has expended \$221,517.20 thus far in expanding and rehabilitating the water filtration plant, Engineer Stapleton announced during a report of activities there. He estimated that the water project is 98 per cent completed, and that the largest job yet to be finished is the placing of sand and gravel in the filters. This material will be shipped from Iowa.

Stapleton also submitted a report on the progress of the light plant extension, for which \$193,000 has been paid out. The new 2,000 horsepower motor has been in operation for about a month.

The engineer discussed the need for four new regulators to be installed in the electric system, after which the light committee was authorized to make the purchase on motion of Alderman Weaver, seconded by Alderman Reid. The regulators will cost in the neighborhood of \$8,000.

Lights For Boat Dock
An agreement between the city and the Illinois R.E.A. for an easement to cross property in the Lake Jacksonville area, for installation of power in the custodian's house and at the boat dock was introduced by Alderman Kelly. It was adopted on motion of Alderman Kelly, with a second by Alderman Henderson. R. E. A. lines are already in the vicinity of the lake, serving numerous farms in that vicinity.

The clerk reported that the canvassing board convened yesterday afternoon and canvassed the vote cast in last Tuesday's primaries. The results showed no changes in the returns that were reported last week. The canvassing board consisted of the mayor, clerk and city attorney.

Official primary results showed that Dale Rose is the Republican nominee for city clerk, and that William Dwyer is the Republican nominee for alderman in the first ward. Their names were written in.

W. R. Wilding, 43, Air Corps Veteran, Dies Here Monday

Two Nurses From This Area Honored For Long Service

Forty-four members of the staff and board of Macon County Tuberculosis sanatorium attended dinner in St. Nicholas hotel at Decatur to honor two nurses who have given 20 years of continuous service. They were given checks and orchids.

Miss Florence Eisele, native of New Berlin, is now floor supervisor and assistant superintendent of nurses. She taught elementary school for a while then entered Decatur and Macon County Hospital School of Nursing, graduating in 1926. She did private duty for two years, and in 1928 became a sanatorium staff nurse. She has been supervisor and acting superintendent.

Mrs. Floyd Orrison, the former Nellie Calloway, a native of Chapin, was a member of the first class to be graduated from Decatur and Macon County hospital, in 1919. She is a granddaughter of the late Mrs. Sue Hagaman, who pioneered in the building of the hospital, and is considered to have done much toward its establishment and financing. Mrs. Orrison did private duty and staff nursing at the Wabash hospital before going to the sanatorium staff. She is staff nurse and supervisor.

The pallbearers were Howard Pennell, James Kimbrell, Weldon and Don Tranbarger, Howard Hocking and T. J. Brennan, Jr. Interment was in the Franklin cemetery.

AIR SCOUTS MEET HERE MONDAY, PLAN HAYRIDE

Plans for a hayride, to be held at their next regular meeting, were completed by the Air Scouts Monday evening. Charles Burgess presided.

Discussion topics were "Airmail" and "What Makes an Airplane Fly." Eight members and the squadron leader, John Linebaugh, were present.

Miss Pauline Kennedy Weds Carl W. Lawless

Miss Pauline Kennedy, daughter of Mr. and Mrs. O. L. Kennedy of 721 E. Beecher street, became the bride of Carl W. Lawless, son of Mr. and Mrs. C. W. Lawless, Sr., of Murrayville, in a pretty wedding solemnized here Sunday afternoon at the First Baptist church.

The couple pledged their vows in a double ring ceremony performed at 3 o'clock by the Rev. Clair E. Malcolm, pastor, before an altar banked with ferns and candelabra.

Appropriate wedding selections were played by Mrs. Ralph Hutchison, organist. Candles were lighted by the ushers, Harry and Charles Kennedy, brothers of the bride. Miss Lucy Lane Lawless, sister of the groom, and Eddie Stoffer of Jacksonville served as attendants.

Given in marriage by her father, the bride was attired in a street-length dress of white wool and carried a bouquet of white roses with matching headpiece. The maid of honor wore a light blue dress with a matching headband. She carried a bouquet of tea roses.

After the ceremony a reception was held in the church basement, where a three-tiered cake was cut by the couple. Assisting with the

Japanese Wood Block Prints On Display At I.C.

Japanese wood-block prints, from the Robert-Lee Gallery in Newton, Conn., are on display in Tanner Library at Illinois College from February 28 to March 12. This collection includes color prints of the nineteenth and twentieth centuries all made by hand.

Japanese culture was introduced to the western world by Japanese wood-block prints. They became popular in Europe in the late nineteenth century, when the French painters Van Gogh, Toulouse-Lautrec and others, discovered them. In the exhibition, "Battersea Bridge," by the American painter Hilder, shows the strong influence of the Japanese on western artists.

Hiroshige and Hokusai, two of the greatest nineteenth century wood-block painters, are represented in the exhibit by the landscapes which have made them famous. Other well-known early masters are Utamaro and Harunobu.

Particularly noteworthy are the two pairs of horse prints by Tanyu, done with lively freedom and casual but perfect line. Japanese pagodas, delicate bird and flower prints, romantic moonlight landscapes, domestic scenes of picturesque Japanese ladies, all illustrate the decorative, graceful style of the Japanese artist.

Miss Barbara Hobbs, assistant professor of art at Illinois College is in charge of the exhibit. Library hours are 8 to 10 Monday through Thursday, 8 to 5 Friday, 8 to 12 Saturday, and 2 to 5 Sunday. Miss Hobbs will be in the art studio weekdays from 10 to 4:30.

V.F.W. Auxiliary Plans Installation Supper April 13

Plans for an installation supper April 13 were discussed by the V.F.W. Auxiliary at their regular meeting Wednesday night at the V.F.W. home. Ivadell Smith, president, presided.

Nomination of officers will be held March 9. A card party will be held March 17 under the direction of Clara Dunbar, Freda Kehl and Lula McAllister. Jesse Arenz was initiated into the Auxiliary.

Rachel Massel reported on the Lincoln Day celebration held at Springfield. Nellie Liming discussed the county council meeting conducted Feb. 20 at Springfield, and announced the next council meeting for March 13. Refreshments were served by Betty Kitchner and Margaret Parker.

Sacred Numbers Feature Choir's Annual Concert

By Mary Finch Rowland

A well-arranged and well-sung program was presented by the MacMurray College choir in formal concert Sunday evening in Music Hall.

Five sacred numbers, two each in Catholic and Protestant polyphonic traditions and one in modern, were done with the precision and ease that comes from much experience in singing this type of music.

Verve and fire marked the modern "I Will Bless the Lord" by Elmore with Eva Jo Schmidt of Springfield singing the solo part and the fresh young voices were especially suited to the ethereal, floating quality inherent in the Kyrie of Lotti.

A group of folk-songs was charming and excellently done, especially "Waters Ripple and Flow," featuring Sarah Rhodes of Peru, Ind., as soloist.

Of the modern numbers, "Ann Rutledge" was presented this year with an orchestral accompaniment recently added by Theodore Fitch, the composer, and played by the college brass ensemble. There is no doubt that Mr. Fitch has done a good piece of instrumental writing which adds drama to the total effect, especially in the climax.

Whether it "further enriched the meaning of the text" is perhaps a question, since brass instruments even in the hands of skillful players, tend to furnish competition with singers. It seems to us that the words of Edgar Lee Masters' beautiful poem should have top priority at all times. More satisfying from a purely choral point of view was Norman Della Joio's "Jubilant Song" (with Sarah Rhodes again soloist), even though the latter's dissonances and leaps sometimes effected a sacrifice of the choir's uniformly excellent tone quality.

The group shows the results of Henry Busche's tireless training in ensemble, dynamics, diction, and devotion to the meaning of the music. High praise should certainly be given Margaret Harvey for her very excellent accompaniments.

Cass Jury Exonerates Local Doctor In Twin Traffic Death Tragedy

Dr. Raymond E. Holben of the Jacksonville State Hospital medical staff was exonerated of all blame Monday evening when a coroner's jury investigated the Meredosia accident which brought death to Charles Fred Smith, 63, Beardstown, and Henry Harris, 32, of Browning. The two men died enroute to Schmitt Memorial hospital after they had been struck on Route 104 on the eastern approach to Meredosia bridge near midnight Saturday.

The inquest was conducted by Joe C. Lintner of Chandelville, Cass county coroner. In Beardstown last night. The jury members, all residents of Beardstown, found that the two men died from the effects of skull and leg fractures and shock. The accident was termed "unavoidable."

Milton McClure, Cass county states attorney, questioned Dr. Holben, the only witness and apparently the only eye witness to the tragedy. The Morgan county state's attorney, Albert W. Hall, attended the inquest.

Visibility Was Poor
Dr. Holben testified that he was returning from Quincy, at an estimated speed of 20-25 miles per hour. Visibility was poor, he continued. As he left the bridge the two men walked northward from the south side of the street directly into the path of his car.

The witness related that he swerved the car to the left, but hit the two men with his right fender.

Smith was knocked about 15 feet from the point of impact. Dr. Holben said he stopped his car within 50 feet. Harris was still on the right fender.

The scene of the tragedy was on State Route 104. Both men were unconscious when Meredosia officers and citizens reached them. Dr. Holben stopped immediately and rendered assistance. Dr. Joseph Panella of Meredosia accompanied the victims to Beardstown.

Walk In Path Of Car
Harry Lefner and Ray Ransom, Meredosia village officers, reported that Smith and Harris apparently walked directly into the path of the eastbound automobile. The officers said they heard the impact and looked in time to see the men sprawling after the collision.

Sheriff Ralph Bourn and deputies went to Meredosia immediately after receiving a report of the accident.

Smith was a former resident of Meredosia where for 20 years he worked as a dayman. He moved to Beardstown six years ago. Funeral services will be held at the Pentecostal church in Meredosia. The Rev. Harry Fosha of Beardstown will officiate. Burial will be in Oakland cemetery. The body is at the Schafer Funeral Home in Meredosia.

He is survived by his wife, Bessie Mae, and the sons and daughters, Francis, Lucian Eugene, Mrs. Mabel Surratt and Mrs. Lorene Messer, all of Beardstown, and his brothers and a sister, Abe, of Mt. Sterling; George, of Centralia; Ora, of Denver; William, of Versailles; Ralph, of Rock Island, and Mrs. Bessie Hendricks, of this city.

Worked As Fisherman
Since his discharge from the army after overseas service, Harris had worked as a fisherman in Browning.

He was born April 24, 1916, in Browning, a son of George William and Caroline Himmel Harris.
